Sydney North Primary Health Network (SNPHN) invites local GPs, Primary Care Nurses and Aged Care Health Professionals to an interactive workshop on Wound Management in General Practice. The training will include an overview of best practice, examples and reviews on current products used in wound management, case study scenario discussion and management of lymphedema.

EVENT INFORMATION

DATE Tuesday, 20 June, 2017
TIME 6:30pm registration and dinner
       7:00-9:00pm workshop
VENUE Roseville Golf Club, 4 Links Avenue, Roseville

SPEAKERS
Therese Jepson, Clinical Nurse Consultant - Aged Care Rapid Response Team, NSLHD
Catherine Johnson, Nurse Practitioner, Chronic & Complex Wounds, NSLHD
Sue Monaro, Skin Integrity Improvement Facilitator, NSLHD and Clinical Lecturer, USYD

LEARNING OUTCOMES
- Update knowledge and skills in the physiology of impaired wound healing and the ability to identify wounds at risk of chronicity.
- Conduct a comprehensive assessment of the individual, their wound/risk of wounding and their healing environment to address the factors that impair healing.
- Explain evidence based wound management options, including management of wound infection and oedema.
- Recognise the interprofessional approach for the assessment and management of individuals with wounds including clinicians to advise on complex wounds.

COST There is no cost for GPs and health professionals within the Sydney North Primary Health Network region
