# The 38<sup>th</sup> John Murtagh Annual Update Course for General Practitioners 2016

2-4 November 2016

Rendezvous Hotel, 328 Flinders Street, Melbourne, VIC 3000

## Professor Danielle Mazza

The Department of General Practice is pleased to once again present the John Murtagh Annual Update Course for general practitioners. The course is in its 38<sup>th</sup> year and is a regular feature of the postgraduate professional development calendar. The topics and presenters for this year's program have been carefully selected and are based on both your recommendations and feedback from previous years' Update Courses.

Monash University Pro Vice-Chancellor (Berwick & Peninsula), Professor Leon Piterman will begin the three day program with his keynote presentation on "Quo Vadis General Practice. Reflections of an ageing GP". This year we are pleased to welcome both new and returning colleagues to be our presenters. These include clinical updates by Dr Sara Bird (Medico-Legal), Dr Siobhan Lockwood (Cardiology), Dr Cathy McAdam (Paediatrics), Adjunct Clinical Associate Professor Amanda Vincent (Menopause Management), Dr Leon Chapman (Diabetes Management), Professor Robyn O'Hehir (Allergy Disorders), Dr Ernie Butler (Neurology), Associate Professor Debbie Leach (Emergency Medicine), Dr Nick Carr (Mood Disorders Management), Dr Claire Dendle (Infectious Disease), Dr Leesa Huguenin (Sports Medicine), Dr Andy Morgan (Dermatology), and Associate Professor Simon Bell (Orthopaedics).

I would also like to take this opportunity to thank Professor John Murtagh for his continued support of the Update Course and his ongoing support for learning and teaching within the Department of General Practice.

**Professor Danielle Mazza**  
Head, Department of General Practice

## Dr Heather Grusauskas

A very warm welcome to the John Murtagh Update Course from myself and the team at the Department of General Practice, Monash University.

To those of you who are returning to the course for another year – welcome back. To those of you who have not attended an Update Course before – we hope that you will both enjoy the content and variety of what we have to offer and also the collegiality of being part of our larger learning community.

I would like to thank and acknowledge the contribution of the Scientific Committee – led by Professor Murtagh for pulling this program together for 2016. The topics have been derived from your feedback from last year and the proceeding years and we have also added in some additional ones that we feel will be of interest to you. This year's speakers include some new and also some returning faces.

The early bird rate was so popular last year that we have decided to offer this option again this year. So please register early.

We are also pleased to announce that we have secured the same venue as last year – The Rendezvous Hotel on Flinders Street, opposite train, bus and tram stops. This central location proved very popular last year as you are in walking distance of everything – Elizabeth Street is just around the corner and also a good selection of cafes and restaurants and also within easy reach of Melbourne's diverse shopping experience. So no need to bring your car into the city as everything is on your doorstep.

Looking forward to seeing you all in November in Melbourne.
