

APNA Foundations of General Practice Nursing Workshop

An orientation for nurses new to general practice

Designed and facilitated by local nurse leaders, these two day workshops will instil in new and transitioning nurses, a comprehensive understanding of the key knowledge and skills required for working in a primary health / general practice setting.

General practice nursing is a different and unfamiliar environment to other areas of nursing practice. Covering the areas most relevant to the daily roles and responsibilities of a general practice nurse, this engaging training serves as an invaluable opportunity for nurses in primary health care of all experiences to network and update their expertise.

"Wish I had known all this before I started as a Practice Nurse! Consolidated so much knowledge"

"...VERY INFORMATIVE & INSPIRING. Highly recommend this course to new & not so new GP nurses"

Essential, comprehensive and practical continuing professional development covering the following key areas:

- Primary Health Care and the Australian Primary Health Care System
- Immunisation
- Clinical Assessment and Chronic Disease Management
- Wound Management
- Health Promotion and Preventative Care
- Professional Practice and Professional Development
- Quality and Safety
- Infection Prevention and Control
