

## EXPRESSIONS OF INTEREST: WELLNET INTEGRATED CARE PROGRAM

<b>EOI TITLE:</b>	WellNet Integrated Care Program
<b>BRIEF DESCRIPTION:</b>	<p>We are seeking expressions of interest from practices who would like to participate in our WellNet Integrated Care Program.</p> <p>The WellNet Program was one of Sydney North PHN's six grant recipients. The innovative integrated care program aims to provide GP led, patient centered, targeted healthcare interventions for patients with chronic and complex disease. A nurse coordinator will be based in your practice, at no additional cost, to provide self-management support, assist care plan preparation and coordinate services for the patient. The program utilises technology that integrates with existing clinical software, enabling health care providers to connect with each other and create a shared care plan.</p>
<b>CLOSING DATE OF EOI:</b>	19 October 2016
