REMOTE HEPATOLOGY CONSULT: HCV TREATMENT

Treatment Choice (Select one prescribing choice)

Regimen	Genotype	Status	Duration	Select
Sofosbuvir plus Ledipasvir	1	Treatment – naive. No cirrhosis HCV RNA < 6 x 10 ⁶ IU/mL	8 weeks	<input type="checkbox"/>
	1	No cirrhosis	12 weeks	<input type="checkbox"/>
Sofosbuvir plus Daclatasvir	1	No cirrhosis treatment – naive	12 weeks	<input type="checkbox"/>
	1	No cirrhosis treatment – experienced	12 weeks or 24 weeks	<input type="checkbox"/>
Sofosbuvir plus Daclatasvir	3	No cirrhosis	12 weeks	<input type="checkbox"/>
Sofosbuvir plus <input type="checkbox"/> Ribavirin 1000 mg or <input type="checkbox"/> Ribavirin 1200 mg daily	2	No cirrhosis	12 weeks	<input type="checkbox"/>
Paritaprevir/Ritonavir plus Ombitasvir plus Dasabuvir	1b	No cirrhosis	12 weeks	<input type="checkbox"/>
Paritaprevir/Ritonavir plus Ombitasvir plus Dasabuvir <input type="checkbox"/> Ribavirin 1000 mg or <input type="checkbox"/> Ribavirin 1200 mg daily	1a	No cirrhosis	12 weeks	<input type="checkbox"/>

Patients should be monitored during treatment according to the *Australian Recommendations for the Management of Hepatitis C Virus Infection: A Consensus Statement 2016* (www.gesa.org.au). Information is also available at: www.pbs.gov.au/publication/factsheets/hep-c/hep-c-factsheet-community-based-prescribers.pdf

Patients must be tested for HCV RNA at least 12 weeks after completing treatment to determine outcome. Please notify the specialist below of the Week 12 Post Treatment result.

Declaration by General Practitioner/Medical Officer

I declare all of the information provided above is true and correct:

GP/MO Name

Address Postcode

Phone Fax

Mobile Phone

Email

Signature Date:

Once completed please return both pages and the drug interactions and other attachments by email:
NSLHD-RNS-HepatologyService@health.nsw.gov.au

Approval by Specialist Experienced in the Treatment of HCV (Office Use Only)

- I agree with your decision to treat this person based on the information provided above
 This patient would be more suited to HCV treatment under specialist supervision. Please forward a formal referral for this patient and an appointment will be scheduled.
