

# Orthopaedic MasterClass

## KNEE & FOOT/ANKLE

29<sup>th</sup> July & 5<sup>th</sup> August

Activity No. 102922

MATER HOSPITAL

A FACILITY OF  
ST VINCENT'S  
HEALTH AUSTRALIA

Two half day interactive programs (1pm – 5pm)

Differential diagnosis, current treatment and management decisions in General Practice.

Small group work provides the opportunity for hands on actual patient examination as well as case study analysis.

### WORKSHOP 1 – KNEE (Sat 29<sup>th</sup> July)

A/Prof William Walter, Dr David Dickison, Dr Julian Yu, Dr David Parker

- Anatomy & physical examination technique
- Management of knee arthritis – surgical and non-surgical
- Outcomes of Total Knee Replacement – the good the bad and the ugly
- Common sporting injuries – investigations, non-surgical and surgical options + rehab

### WORKSHOP 2 – FOOT & ANKLE (Sat 5<sup>th</sup> Aug)

Dr David Carmody, Dr Andrew Higgs, Dr Luke Inman, Dr Edmund O'Leary

- Tendinopathy & ligament injuries
- Arthritis & degenerative conditions
- Common forefoot problems
- Causes of ankle pain

**NUMBERS ARE STRICTLY LIMITED DUE TO GROUP WORK AND HANDS ON WORKSHOPS**
