Speaker & Learning Objectives

Speaker:

PROF. SARAH HILMER

'Professor Sarah Hilmer is Head of Department of Clinical Pharmacology and Senior Staff Specialist in aged care at Royal North Shore Hospital; and conjoint Professor of Geriatric Pharmacology at the University of Sydney. Her clinical work, translational research program and policy contributions all aim to improve quality use of medicines for older people'.

Learning Objectives:

- patterns of medication use including polypharmacy and the prescribing cascade
- changes in pharmacokinetics and pharmacodynamics and implications for drug therapy
- how to identify high risk medicines including medicines with anticholinergic and sedative effects
- when and how to deprescribe medicines including new tools and guidelines
