

Alcohol use in pregnancy: Foetal Alcohol Syndrome Disorder (FASD)

 Online Webinar

Sydney North Health Network (SNHN) invites local GPs, Nurses, Pharmacists, Allied Health Professionals and their staff to this webinar highlighting the importance of changing alcohol consumption in women of childbearing age. The aim of this webinar is to increase GP and practice nurse confidence and competence in FASD awareness and treatment. Speakers will discuss making FASD a priority in primary care, diagnostic terminology/criteria/categories, Improving long-term outcomes through Early diagnosis, Early interventions, treatment plans, diagnostic and treatment approaches beyond the paediatric populations, focus on the brain-based nature of impairments, involve families and take a strengths-based approach, and be culturally secure and Referral options.

Speaker & Learning Objectives

Facilitator

Christina Marel, PhD | Senior Research Fellow The University of Sydney

Dr Christina Marel is a Senior Research Fellow, NHMRC Translating Research Into Practice (TRIP) Fellow and Program Lead of Treatment and Translation in Complex Populations at the Matilda Centre for Research in Mental Health and Substance Use, USYD

Presenter

Delyse Hutchinson, PhD | Associate Professor Deakin University

Delyse Hutchinson is an Associate Professor at the Centre for Social and Early Emotional Development (SEED) at Deakin University, Melbourne. She is an Honorary Research Fellow at the Murdoch Childrens Research Institute, and the Department of Paediatrics, The University of Melbourne, at the Melbourne Royal Childrens Hospital. Delyse is also a Visiting Research Fellow at the National Drug and Alcohol Research Centre (NDARC) at the UNSW.

Learning Objectives

- Increase GP/nurse awareness of prevalence and impact of FASD
- Identify the features of FASD and the potential presentations of individuals with the conditions
- Improve the competence in diagnosing FASD
- Identify management referral pathways for individuals with FASD, including early intervention for FASD children

This activity has been allocated 2 category 2 points under the 2017-2019 RACGP QI&CPD Program, activity number 166333
