

GP SEMINAR - ORTHOPAEDIC UPDATE

**THURSDAY 21ST NOVEMBER 2019 |
5.30PM FOR 6PM START**

Barangaroo Orthopaedic & Sports Injury Clinic, along with MedScan Barangaroo invite you to an Orthopaedic Update Evening. Specifically tailored to GP's and Physiotherapists, this seminar is recommended for those who wish to stay up to date on the current Orthopaedic guidelines – an event not to be missed.

ROTATOR CUFF INJURIES - CONSERVATIVE VS SURGICAL CONSIDERATIONS

Improve skills in assessing patients, using history, examination and imaging for suspected cuff injuries of the shoulder. Review current management principles and processes and the latest surgical techniques

Dr Matthew Yalizio
Shoulder & Elbow Orthopaedic Surgeon

COMMON FOOT & ANKLE PRESENTATIONS INJURY MANAGEMENT & LATEST SURGICAL TECHNIQUES

Common foot and ankle presentations, including trauma in the weekend warrior. Review management principles, including when to refer on and up to date post op guidelines

Dr Edmund O'Leary
Foot, Ankle & Trauma Orthopaedic Surgeon
