

# Does your mate...

snoop at their partner's texts and emails?

worry that their partner is cheating on them?

get angry when their partner is talking to other people when you're out socially?

put down or belittle their partner's actions or thoughts?

get possessive of their partner when they want to play sport, see their friends or family?

get violent or control their partner physically when they don't agree on something?

share too much about their sexual relationships with their partner?

get mad when their partner says 'no' to kissing, sex, holding hands or sitting together at events?

restrict or tell their partner how to spend their money?

**It's not cool.  
It's not funny.  
It's not respectful.**

Whether it's something a mate says or something you witness, **SAY SOMETHING.**

**You won't be the only one who thinks it's wrong.**

Acknowledge respect and equality when you see it.

**Be a role model for your mate. If you can, they can, we all can have respectful relationships.**
